- Businesses and Organizations may set up an account with Open Harvest separate from their member owner number (if they have one).
- These types of accounts are for businesses that are either re-manufacturing (e.g. a bakery buying 50 lb bags of flour to make bread), or re-selling (e.g. a coffee house buying our granola bars to re-sell), the goods they buy from us.
- This entitles these businesses to receive 15% off retail price on pre-ordered cases and whole sacks of bulk goods. This pricing does not apply to goods purchased off the shelf.
- This pricing applies to goods purchased for the business only and not to goods for personal consumption.
- Goods must be paid for in the store at the time of purchase unless a prior arrangement has been made with the Finance Manager.
- Open Harvest reserves the right to limit this type of account to businesses that are small scale, local and in keeping with our Mission Statement.
- Open Harvest reserves the right to ask businesses to prove their eligibility with a tax ID number or other documentation.
- Open Harvest will treat business account customers just like any other customer for sales tax purposes unless they submit Nebraska Department of Revenue Form 13 to prove their tax exempt status.
- If a business account is not used for 2 years, Open Harvest reserves the right to inactivate the account.
- In the event that Open Harvest was to distribute patronage dividends, business accounts are not eligible.

I have read the above and agree to abide by the conditions:

SIGNATURE OF BUSINESS REPRESENTATIVE
